Inspection of Burn Container Check List (to be completed by the Chief of Eagle Fire Company)

REGULATIONS.

A. Burn Container Requirements: Outdoor Burning of permitted materials shall only take place within a Burn Container which meets the following requirements:

_____ Be no larger than 36" radius from middle point, and can be no larger than 24" in height

_____ Be a permanent structure

_____ Have a Burn Container Cover which shall be used at all times while burning in a Burn Container

_____ Be placed in crushed stone limestone, cement, or cement dust bed with a radius of 48" and a minimum of 4" base which may not permit grass or other potentially flammable materials to be next to or underneath approved container

_____ Be a minimum of 12 feet from any Building, Dwelling or Structure

_____ Consist of masonry, metal ring or stone, and metal rings or devices cannot have holes, perforations or be in a dilapidated state. Burn barrels or other containers and devices not meeting the requirements in this Section and shall not considered an acceptable Burn Container.

Signature of Eagle Fire Company Chief

Date

Please Review Section B and C of Regulation – Burn Materials and Permissible Times of Ordinance 2022-04

B. Burnable Materials:

Seasoned, dry firewood shall be the only material allowed to be Burned in a Burn Container.

The burning of all other items and burning outdoor of an acceptable Burn Container shall be prohibited within the Borough.

- a. Prohibited materials include, but are not limited to: trash; yard waste; animal waste; wet fire wood; painted lumber; cardboard; residential/industrial refuse; chemically treated wood; newspaper; human waste; chipboard; plywood; oils; gasoline; diesel fuel; industrial chemicals; grass; twigs; shingles; construction waste; rubber; tires; diapers; napkins; rags; clothes; automotive grease/oil; or any other item that may produce excessive smoke, obnoxious heavy smoke, be a public danger, or create environmental issues.

C. Permissible Times:

Outdoor burning shall only be permitted in a Burn Container from the hours of 10:00AM until 11:00PM. All burning must be extinguished on or before 11:00PM.

Once certification by the Borough as set forth in Section 3, no change or modification shall be made to the Burn Container. In the event that a resident changes or modifies the Burn Container in violation of Ordinance 2022-04 the resident's Burn Container certification shall be revoked, and the resident shall be subject to the penalties set forth in Section 6 – Violations and Penalties.
